ATTACHMENT B

MEMBERSHIP

Since participation in the JAP/OPAG was on a rotational basis, as was the Chairmanship role, and since members were frequently forced to resign from the Group prior to fulfilling their term of office due to job-related considerations, there was a good deal of change in the Group's composition during any one year. To avoid redundancy in listing each and every different Panel, participants are listed by year only. Individuals who held the Chair are so designated.
